1. Who consents

I, the data subject, freely and in my own interest give consent to the controller — a natural person applying the professional-income tax regime in the Republic of Belarus and operating as TIVONIX (<https://www.tixonix.tech>, tivoonix@gmail.com, Telegram @TIVONIX).

2. Data covered

- name;
- contact details (email, phone or Telegram);
- request text, selected budget and other form fields I complete;
- technical context of the submission (page URL, referrer, UTM tags, language, device type) as needed to understand the enquiry.

3. Purposes

The data is processed to receive my request, contact me, clarify the brief, prepare a preliminary estimate and continue correspondence about a possible project.

4. Processing operations and term

Collection, recording, storage, use, updating, transfer to processors strictly required to reply (including Telegram notifications and website hosting), restriction and deletion are permitted.

This consent remains valid until I withdraw it or until the retention period in the Privacy Policy ends (typically no more than 24 months after the last contact), unless the law requires a longer period.

5. Withdrawal
